The Moorings®
YACHT OWNERSHIP

The Luxurious Moorings 5800

The Moorings' flagship yacht, The Moorings 5800, is in a class all her own with an expertly-designed layout. This yacht promises to exceed expectations while providing you and your guests with a place you will find hard to leave.

The Design

The flybridge is the perfect 360-degree lookout for helmsman and guests. It is unrivaled in other production catamarans. This area provides an extension of outdoor living space. With U shaped seating for up to 10, this location is perfect for lounging, cocktails or meals. The flybridge is also equipped with an outdoor kitchen area complete with grill, refrigerator, and sink.

To add to the outdoor living space, the Moorings 5800 also features a large aft cockpit. Removable table and chairs provide seating for up to 10. Both table and chairs can be stored in the lockers, opening up the area to allow for a large open space. This area, along with the flybridge and the forward cockpit, is beautifully finished with high impact composite teak decking. The submersible platform also adds space and doubles as a swim platform at anchor and functions as a lift for the tender securing it while underway.

The Interior

The interior of the 5800 does not disappoint. The sheer scale of the open space combined with her ergonomic appeal and attractive finishes, provide both luxury and comfort. With plenty of lounging space this yacht is ideal for company and will never feel overcrowded.

The modern galley comes equipped with everything needed for food preparation. The high end appliances are designed to meet the approval of top culinary artists. The large Vitrifrigo front opening fridge with 2 drawer freezer provides plenty of space for food items. The galley also offers more than adequate storage, durable counter tops, loads of prep space, 6 burner cook top with oven and broiler, convection microwave, and a dishwasher.

The chilled water air conditioning, usually found only in mega yachts, allows for individual stateroom temperature control. The entertainment system incorporates state of the art video, MP3, television and DVD entertainment. In addition to this, the clear Bose speaker system will bring a sophisticated and welcome sound to any event on your yacht.

Accommodations

Travel the world in the most luxurious way possible on the Moorings 5800. You and your guests will have many grand and memorable experiences on one of the most advanced and stately yachts in the entire Moorings Yacht Ownership program. This yacht combines the highest quality amenities and exclusive features that will make your sailing experience unbeatable.

Crewed Yacht Experience

The Moorings, an industry innovator in the crewed yacht charter business, launched its first yacht in the BVI in 1969. Expanding through the Caribbean and beyond during the 70s and 80s. Now almost 50 years later, The Moorings is an industry leader and is still growing. Yachts in the fleet, like The Moorings 5800, can accommodate twice the number of guests than the original.

Only a certain number of these amazing yachts will enter the fleet, so owning the Moorings 5800 crewed yacht places you among a select few. The Moorings 5800 goes above and beyond your average yacht, making it very different from any ordinary sailing experience. All crewed Moorings 5800's come with an expert skipper, a chef/crew mate, and with 10 passengers, a host/hostess to tend to all the guests' needs.

As the owner of a Moorings yacht you can choose to do as much, or as little, as you like. Even many experienced sailors take advantage of the amazing benefits of owning a crewed yacht. Our list of charterers include an America's Cup winning skipper and Round the World Race Champion who chooses a fully catered yacht every time!

While on your Moorings 5800, your personal chef prepares exquisite breakfasts, lunches, dinners, and even high tea if you so choose. Prior to departure, the owner provides a preference list which will assist the crew in catering to all culinary tastes and dietary needs. A very economically prearranged per diem is charged per person per day, and covers all food and beverage costs, making this one of the best deals in the BVI.

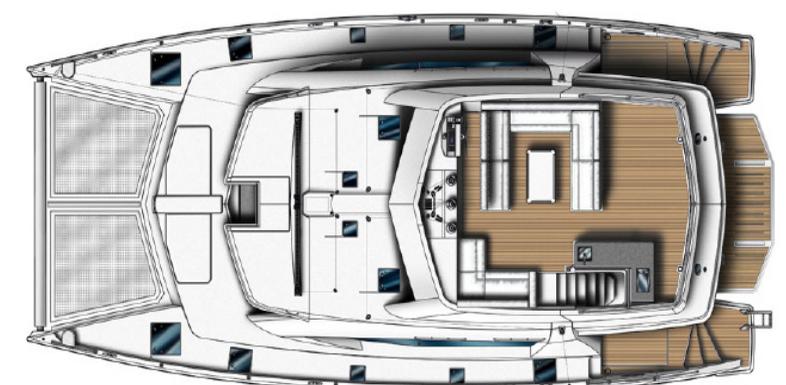

Go ashore and explore the various towns and local attractions easily with the help of your skipper, who can dinghy you to the beach or marina. When you are ready to return, simply contact them via your VHF. Your Moorings 5800 also comes completely equipped with a 14 foot RIB and 70 hp outboard.

All concerns of owning a charter yacht can be alleviated when purchasing a yacht through the Moorings. With almost 5 decades of experience, The Moorings is the undisputed leader in the industry delivering the best sailing vacations in the world. As a testament to this amazing program, nearly half of the yachts placed in service each year are purchased by a repeat owner. Some of them currently own their 6th or 7th Moorings Yacht. The experience a Moorings owner receives cannot be matched, and it is self-evident through all of our repeat customers.

There is no better way to own a yacht than through The Moorings Yacht Ownership Program.
